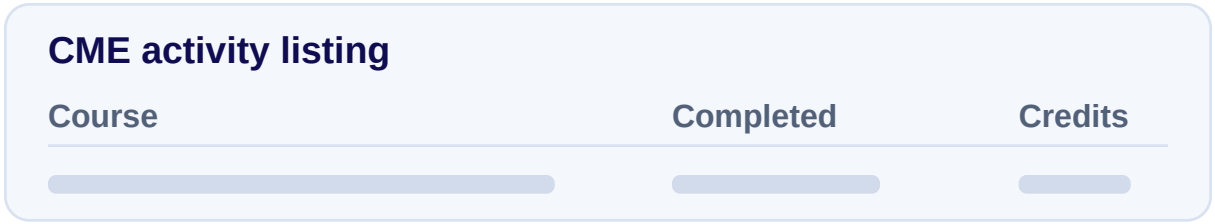
Send your course list as a PDF

Trying to send over your ABA course list one screenshot at a time? Switch to a single PDF of your course listing to get the most reliable upload into Orbit CME.

On a phone or tablet? Switch to a desktop or laptop first.

1 Open the detailed CME course list

In ABA Go, open the list showing individual course names, completion dates and credits. Include the years you want, rather than only Patient Safety courses.



2 Open Print, then save as PDF

Mac	Windows
Command + P	**Ctrl + P**

Choose Save as PDF and save all pages to your computer.

3 Reply to Sol with the PDF

Attach the saved file. You do not need to resend screenshots you have already sent.
