Neuroradiology FEATURED

Case Count
07/01/2016 - 06/30/2022

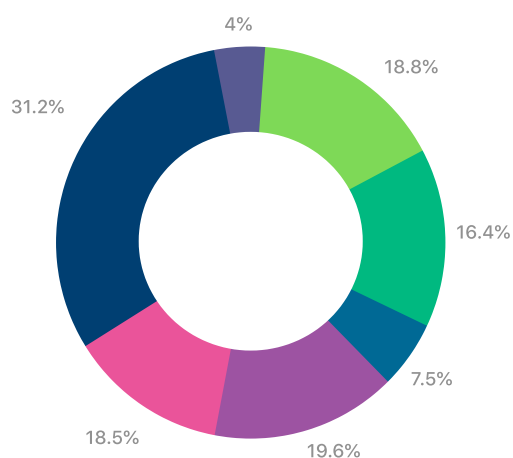

My experience in Neuroradiology spans the range of case types including trauma, outpatient and inpatient. In addition to routine imaging protocols, I have intensive experience in advanced modalities including MR perfusion, ASL, diffusion tractography, and fMRI. I am also fluent with image-guided spine intervention, including kyphoplasty, facet joint injections, and RFA.
